Monica Watson & Electric  
Proposed 2012-13 Energy  
Efficiency Implementation Plan  
Docket No. E-049A-11-0054

a copy of which is hereunto attached, was first published in said newspaper in its issue dated 1-25-2012, 2012 and was published in each 1 issue(s) of said newspaper for 1 consecutive weeks/issues, the last publication being in the issue dated 1-25, 2012.

Signed: Doris A. Glenn

Subscribed and sworn to before me this 27 day of January

Monica L. Watson  
Notary Public

My Commission expires: December 11, 2014

## PUBLIC NOTICE OF MWE'S PROPOSED 2012-13 ENERGY EFFICIENCY IMPLEMENTATION PLAN DOCKET NO. E-1049A-11-0054

On January 31, 2011, Morenci Water & Electric Company submitted its original proposed Energy Efficiency Implementation Plan, originally intended to be in effect for 2011 and 2012. Since that time, the proposal has been amended, considering comments from Arizona Corporation Commission Staff and the Southwest Energy Efficiency Project ("SWEET"). MWE is now proposing the following programs for 2012 and 2013:

- Compact Fluorescent Lamp ("CFL") Program
- Appliance Recycling Program
- Low Income Weatherization Program
- Education & Outreach Program

MWE proposes an Energy Efficiency Surcharge (EES) to recover the costs associated with its 2011-12 EEIP. The EES is designed to recover costs in the same year in which funds are expended and based upon the energy efficiency budget included in this plan – which assumes that MWE's waiver requests are granted: MWE proposes to roll over into subsequent years any funds not expended in 2011. MWE proposes to have the rates and charges for the EES in effect for the two years the plan is effective. MWE is proposing the following EES: (1) \$0.000245 per kWh per month for all residential and non-mining non-residential customers; and (2) \$650 per month for mining operations at Safford and Morenci each. For the average residential customer (using the average of 595 kWh per month) this will result in an EES of equal to approximately \$0.15 per month.

MWE's proposed Energy Efficiency Implementation Plan filings are available for public inspection during regular business hours at the Commission's offices at 1200 West Washington Street, Phoenix, Arizona, 85007, and on the internet via the Commission website ([www.azcc.gov](http://www.azcc.gov)) using the eDocket function – or can be made available upon request at MWE's offices at 401 Burro Alley, Morenci, Arizona 85440. For more information about MWE's Energy Efficiency Implementation Plan, please call (928) 865-2229.

You may have the right to intervene in the proceeding. Intervention shall be in accordance with A.A.C. R-14-3-105. If you wish to intervene you must file an original and 13 copies of a timely written motion to intervene with the Commission and send a copy of the motion to the Applicant or its counsel and to all parties of record. The motion must, at a minimum, contain the following: (1) Your name, address, and telephone number and the name, address, and telephone number of the proposed intervenor and of any person upon whom service of documents is to be made; if different from the intervenor; (2) a short statement of your interest in the proceeding (e.g. a customer or potential customer of the Applicant, etc.); (3) a statement certifying that you have mailed a copy of the motion to intervene to the Applicant or their counsel and to all parties of record in the case. If representation by counsel is required by Rule 31 of the Rules of the Arizona Supreme Court, intervention will be conditioned upon the intervenor obtaining counsel to represent the intervenor. For more information about requesting intervention, visit the Commission's website at <http://www.azcc.gov/divisions/utilities/forms/interven.pdf>.

The granting of intervention, among other things, entitles a party to request a hearing. If a hearing is ordered, an intervenor is permitted to present sworn evidence at hearing and to cross-examine other witnesses. Failure to intervene, however, will not preclude any interested person or entity from providing public comment on the application. The Commission anticipates considering this matter at a future Open Meeting. Public comment regarding the application will be taken at that time. For a form to use and instructions on how to email comments to the Commission, go to [http://www.azcc.gov/divisions/utilities/forms/public\\_comment.pdf](http://www.azcc.gov/divisions/utilities/forms/public_comment.pdf), or call 1-800-222-7000. Written public comments may also be submitted in this case by mailing a letter referencing Docket No. E-01049A-11-0054 to Arizona Corporation Commission, Consumer Services Section, 1200 West Washington Street, Phoenix 85007.

The Commission does not discriminate on the basis of disability in admission to its public meetings. Persons with a disability may request reasonable accommodations such as a sign language interpreter, as well as request this document in an alternative format, by contacting the ADA Coordinator, Shaylin A. Bernal, E-mail [SABernal@azcc.gov](mailto:SABernal@azcc.gov), voice telephone number (602) 542-3931.
